Transcatheter Intervention Course

## 2025

19th INTERNATIONAL COURSE  
AHMEDABAD, INDIA

### FIRST ANNOUNCEMENT

Dear Colleagues,

We extend our heartfelt appreciation for your enthusiastic response to TRICO. We are delighted to announce that the 19th TRICO will be held on the 22nd and 23rd of February, 2025, in Ahmedabad, India.

This year, TRICO promises to deliver a multifaceted experience, focusing on broadening horizons through case demonstrations and in-depth discussions. Expert-led sessions will explore the intricacies of OCT and IVUS imaging, FFR and resting indices, coronary calcium management, structural interventions including TAVR, and emerging modalities such as RDN therapy. Our team will conduct case demonstrations to address all your queries and concerns related to these advanced technologies.

Distinguished experts from around the globe will also lead insightful didactic sessions on various crucial topics. Additionally, our Angio CD presentation session will provide a platform for invited delegates and international guest faculty to engage in collaborative discussions, sharing their most challenging cases with our esteemed faculty members.

Our highly interactive format aims to cater to both beginners and seasoned professionals, empowering all participants to effectively develop and enhance their respective programs.

We eagerly anticipate your presence at TRICO 2025.

Sincerely,

Tejas Patel

MD, DM, MSCAI, FACC, FESC
